

Income Verification Report

The following income information was retrieved with the client's consent and has been submitted by them to their benefits agency. The client is also able to download a client-facing copy of this report.

How to use this report: This report includes payment information from the past 90 days. In most cases, you only need to review income from the last 30 days for eligibility purposes. Use data beyond the 30-day period only if necessary. Key fields for income verification are highlighted in yellow.
